APPLICATION

SVEN HOLDER cable holder is designed for storage and transportation of electrical elongators, cables, wires, strings, etc. It has strong plastic construction with clamps, which prevents cable tangling, as well as a convenient handle for cable winding and transportation.

We recommend using the following SVEN elongators: Elongator 2G 5m/10m/20m, Elongator 3G 5m/10m/20m jointly with the holder.

For “make-it-yourself” elongators we recommend using the following plugs and sockets of SVEN Company: SE-2201, SE-2202, SE-2210, SE-2227, SE-2228, SE-2237.

Warning! A cable should be unwinded entirely before using the cable wound on the holder. Avoid connection a load to the cable wound on the holder.

SPECIAL FEATURES

- Cable holder – 1 pc

SPECIAL FEATURES

- Strong plastic construction
- Holder capacity – up to 80 m
- Two clamps
- Convenient handle for winding/transportation
- Design prevents cable tangling
