PURPOSE

MHL adapter will provide watching photos and videos with Full HD 1080p quality with surrounding sound from your mobile device on a TV-set or monitor with the simultaneous mobile device charging.

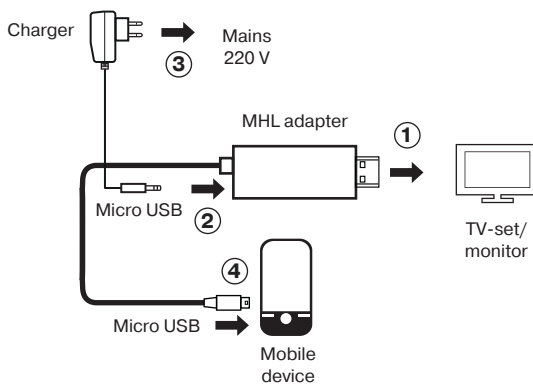

SPECIAL FEATURES

- Compatible with MHL-enabled mobile devices
- Micro USB 5pin to connect mobile devices
- Full HD 1080p image transmission
- Additional HDMI cable is not required

CONNECTION AND OPERATION

Note. Before using check the availability of MHL function in your mobile device.

1. Connect HDMI connector to MHL adapter and your TV-set/monitor (see connection diagram).

Connection diagram

2. Connect an original charger (from the package of your mobile device) to MHL adapter.

Notice! We recommend using an original charger. There is a probability that MHL adapter does not operate correctly when using any other charger.

3. Connect the charger to a power source.

4. Connect MHL adapter to the Micro USB port of your mobile device via which it is charged. TV-set/monitor screen will display the same picture as on your mobile device. Incoming calls and messages will pause the media content display (see connection diagram).
