

## USER MANUAL

### NOTICE OF RESPONSIBILITY RESTRICTION

Despite the exerted efforts to make this Manual more exact, some discrepancies may occur. The information in this Manual is given on "as is" terms. The author and the publisher do not bear any liability to a person or an organization for loss or damage, which has arisen from the information contained in this Manual.

### 1. BUYER RECOMMENDATIONS

- Unpack the device carefully. Make sure there are no accessories left in the box. Check up the device for damage; if the product was damaged during transportation, address the firm which carried out the delivery; if the product functions incorrectly, address the dealer at once.
- Check the completeness and availability of the warranty card. Make sure that the store stamp is stamped on the warranty card, read the signature or stamp of the seller and the date of sale, the item number is the same as that shown on the ticket. Remember, warranty service is possible with a warranty card or cash receipt confirming the fact of purchase.
- Before installing and using the speaker system, read this Manual carefully and keep it for future reference.
- Shipping and transportation equipment is permitted only in the original container.
- Does not require special conditions for realization.
- Dispose of in accordance with regulations for the disposal of household and computer equipment.

### 2. PACKAGE CONTENTS

- Power strip surge protector – 1 pc
- User Manual – 1 pc
- Warranty card – 1 pc

### 3. SAFETY PRECAUTIONS

- Do not connect the surge protector to power mains with overrating voltage.
- Do not connect simultaneously the load to the surge protector with total power more than 2200 W.
- Do not use in places with possible ingress of liquid, moisture, dust and high temperature exposure.
- Do not open and do not make any repairs by yourself.
- It is recommended to connect the surge protector to the grounded power mains.

### 4. PURPOSE

SVEN SF-05 power strip surge protector is designed for connection of electrical appliances to the electric mains and their protection against high-voltage pulses of surge and permanent filtration of high-frequency noises.

### 5. FEATURES

- Double-pole switch with light indication of the turn on condition
- Varistor protection against high-voltage surges (lightning, industrial interferences)
- Automatic thermo breaker combined with the switch key
- 5 × CEE 7/4 sockets with children protection
- The ability to mount the filter on the wall in any position
- Fireproof impact-resistant PC plastic case

**6. TECHNICAL SPECIFICATIONS**

Rated voltage, V	250
Operating frequency, Hz	50
Maximum permissible power, W	2200 MAX
Common power switch	yes
Max. suppressed energy of high-voltage pulses, J	≤150
Max. absorbed current of the impulse noise, A	4500
Input plug	CEE 7/7
Output sockets with protective shutters	5 × CEE 7/4
Thermoelectric cut-off fuse operating current, A	>10
Ambient temperature, °C	from +10 to +70 °C
Air humidity	no more 65 than %
Cable length, m	1,8; 3,0; 5,0
Dimensions, mm	313 × 42 × 54
Color	white

**Notes:**

- *Technical specifications given in this table are supplemental information and cannot give occasion to claims.*
- *Technical specifications and package contents are subject to change without notice due to the improvement of SVEN production.*
