

User's Manual

NOTICE OF RESPONSIBILITY RESTRICTION

Despite the exerted efforts to make this Manual more exact, some discrepancies may occur. The information in this Manual is given on "as is" terms. The author and the publisher do not bear any liability to a person or an organization for loss or damage which has arisen from the information contained in this Manual.

1. BUYER RECOMMENDATIONS

- Unpack the device carefully. Make sure there are no accessories left in the box. Check up the device for damage; if the product was damaged during transportation, address the firm which carried out the delivery; if the product functions incorrectly, address the dealer at once.
- Check up the package contents and availability of the warranty card. Make sure the warranty card has a shop stamp, a legible signature or the seller's stamp and purchase date, and the goods number corresponds to that in the warranty card. Remember, warranty service is possible if you have a warranty card or a cash receipt confirming the purchase.
- Before installing and using the speaker system, read this Manual carefully and keep it for future reference.
- Shipping and transportation equipment is permitted only in the original container.
- Does not require special conditions for realization.
- Dispose of in accordance with regulations for the disposal of household and computer equipment.

2. PACKAGE CONTENTS

- Power Strip Surge Protector – 1 pc
- Warranty card – 1 pc

3. SAFETY PRECAUTIONS

- Do not connect the surge protector to power mains with overrating voltage.
- Do not connect simultaneously the load to the surge protector with total power more than 2200 W.
- Do not install in places with possible ingress of liquid, moisture, dust and high temperature exposure.
- Do not open and do not make any repairs by yourself.
- It is recommended to connect the power strip to the grounded power mains

4. PURPOSE

SVEN SF-05PL power strip surge protector is designed for connection of electrical appliances to the electric mains and their protection against high-voltage pulses of surge and permanent filtration of high-frequency noises.

5. FEATURES

- General switch with light display turned on
- Five universal outlets with individual switches from display light turned on
- Varistor protection against high-voltage pulses (industrial interference)
- Built-in bimetallic switch
- Wall mounting

6. TECHNICAL SPECIFICATIONS

Rated voltage, V	~250
Operating frequency, Hz	50
Maximum permissible load, W	2200 MAX
Maximum energy absorption of pulse interference, J	≤150
Thermoelectric cut-off fuse operating current, A	10
Input plug	CEE 7/7
Output sockets	5 × CEE 7/4
Cable length, m	1.8; 3
Dimensions (W × H × D), mm	272 × 40 × 76

Note:

- **Technical specifications given in this table are supplemental information and cannot give occasion to claims.**
- **Technical specifications and package contents are subject to change without notice due to the improvement of SVEN production.**
