1. INTRODUCTION

SVEN Flat is a speaker system (SS) produced under the NTX technology. This technology is based on the physical principle of creating a flat sound wave by means of a light emission surface driven by a pair of independent powerful drivers. The large area of the emission surface helps provide deeper bass, wide frequency range and directivity pattern with depth of only 18 mm.

2. SAFETY PRECAUTIONS

- Do not open the SS and do not perform repairs by yourself.
- Do not put foreign objects inside the holes of the SS. Make sure that needles, hair pins, coins, insects etc. do not get inside.
- Protect the SS from high humidity, water and dust. Do not locate it in areas with high level of humidity and dust.
- Protect the SS from heating: do not locate it near a heat source or expose to direct sunlight.
- Do not use gasoline, alcohol or other solvents when cleaning, since they may damage the paint-coated surface of the SS. Clean it with dry soft cloth only.
- If the SS does not operate, unplug it and address your dealer.

3. PACKAGE CONTENTS

- Speaker — 1 pc
- AAA type batteries – 3 pcs
- 3.5 mm mini-jack to mini-jack signal cable — 1 pc
- Operation manual — 1 pc
- Warranty card — 1 pc

4. SPECIAL FEATURES

- Compatible with MP3 players, mobile devices, PCs and notebooks
- Ultrathin design
- NXT technology
- Powered by primary or rechargeable AAA batteries

5. LOCATING

- To provide high-quality sound reproduction, place the speaker on a firm flat surface.

FLAT

6. DESCRIPTION OF CONSTRUCTION

- ① IN: audio source connection jack
- ② ON/OFF: power switch
- ③ Battery compartment
- ④ Batteries
- ⑤ Battery compartment cover

7. CONNECTION AND OPERATION GUIDE

• Before making any connections, be sure that all the components are switched off.

• Connect the included mini-jack to mini-jack signal cable to the IN ① jack of the speaker and to the output port of your audio source (PC, laptop, audio player, etc.), as shown in Fig. 2.

• Open the battery compartment ③. Insert

3 AAA batteries ④ (included), matching their polarity. Close the battery compartment cover ⑤.

• Switch on the power with the ON/OFF ② button. The LED indicator on the speaker's front panel will light up.

• Switch on your audio source. Adjust the volume by means of the volume control of your sound source.

• To switch the power off, press the ON/OFF button ②.

Notes:

• **Don't mix different battery types, old and new batteries.**

• **If the SS is left unused for a long period of time (more than a week), remove all the batteries from the battery compartment.**

8. TROUBLESHOOTING

Problem	Cause	Solution
The LED is off.	Incorrect batteries installation.	Check if the batteries are properly installed.
No sound.	The sound source is not connected.	Check the connection of the sound source.
Low volume level.	Low level of the input signal.	Adjust the level of the output signal on the source.
Sound distortion.	The batteries are discharged.	Replace the batteries with new ones.
	High volume level.	Adjust the volume level.

If none of the above methods can solve the problem, please seek professional advice at your nearest service center. Never attempt to repair the product yourself.

9. TECHNICAL SPECIFICATIONS

Parameter, measurement unit	Value
Output power, W (RMS)	5
Frequency response, Hz	80 – 20 000
Radiator dimensions, mm	120 × 100
Driver diameter, mm	2 × 20
Dimensions, mm	155 × 125 × 18
Weight, kg	0.225

Notes:

- **Technical specifications given in this table are supplemental information and cannot give occasion to claims.**
- **Technical specifications are subject to change without notice due to improvement of SVEN production.**
