NOTICE OF RESPONSIBILITY RESTRICTION

Despite the exerted efforts to make this manual more exact, some discrepancies may occur. The information in this manual is given on «as is» terms. The author and the publisher do not bear any liability to a person or an organization for loss or damage which has arisen from the information contained in this manual.

BUYER RECOMMENDATIONS

- Unpack the device carefully. Make sure there are no accessories left in the box. Check up the device for damage; if the product was damaged during transportation, address the firm which carried out the delivery; if the product functions incorrectly, address the dealer at once.
- Check up the package contents and availability of the warranty card. Make sure the warranty card has a shop stamp, a legible signature or the seller's stamp and purchase date, and the goods number corresponds to that in the warranty card. Remember: in case of warranty card loss or discrepancy of numbers you forfeit the right for warranty repairs.
- Before installing and using the speaker system, read this manual carefully and keep it for future reference.
- Shipping and transportation equipment is permitted only in the original container.
- Does not require special conditions for realization.
- Dispose of in accordance with regulations for the disposal of household and computer equipment.

CONNECTION AND OPERATION

Attention! *The built-in battery must be charged completely prior to the application.*

Battery charging

- Connect the radio to the 230V mains socket via the jack ⑯ using the power cord (included) or via the jack ⑭ to the 4.5 V battery charger (not included). During battery charging the indicato ⑯ is red.
- The battery is used in radio as an integral part of the device, therefore do not try to extract or replace it, because this can result in the warranty cancellation or the device damage.
- Adjust the overall volume level by turning the knob ①.

Attention! *For powering the radio, it is possible to use D/UM-1 batteries (2 pcs.) (not included). Install them into the battery compartment ⑱. Observe the polarity.*
